## They Bolster Cleveland's Title Hopes

These three are the stalwarts on whom the Cleveland Indians rely, to help keep the club ahead in the American league. Right now they're busy watching a fly ball, but (left to right) Pitcher Al Minter, Manager Omar Viti and Pitcher Bob Feller usually have their eyes on that pennant-race standing. Not long ago Viti was the target of a mild insurrection among the players, including Feller.

# Another of Rockefeller's Five Boys To Wed Soon, Leaving One Bachelor

## Only One with Liking for Gaiety, and His Fun Is Accepted as Harmless.

DAVID L. ROCKEFELLER, 25, who looks as though he will be a very successful man, was announced this week that his youngest son, David, is engaged to wed a 25-year-old girl, a single, a social fling as a rich playboy. Three of the four older boys are already married. Only Winthrop remains unmarried, and his liking for gaiety, which once worried his father, has long since been accepted by the family.

David, engagement to Margaret McGraw, who shares his taste for intellectual pursuits, is in keeping with the family's conservative faith in happy marriages, which fast and which have little to do with the night club set and the interests of the world of fashion. Attractive Peggy McGraw, who will become Mrs. David Rockefeller, did not care to have a formal debut although her parents are listed in the social register and her mother is a member of the exclusive Colony club.

**Interests in Common**  
She cares more about literature, pictures, music, interests she has in common with David Rockefeller, for whose scholarly pursuits have made him a candidate for a doctor of philosophy degree at the University of Chicago. Her father, Francis McGraw, is a partner in a famous old Wall Street law firm. Her grandfather was a former railroad executive. David and his bride-to-be have been friends for years. Acquaintances say he sought her for a partner at her first dance.

The reliance of the Rockefellers, as he depended upon to disclose few details of their courtship. But friends of the family know he must have been last in devotion to live through the years when David strongly preferred bugs to girls.

**Has Past Job**  
Young David, who knew his habits, as a young man, was referred to as a "bug" by his friends. He went to the streets for him, and he went long with his excellent on the road and stooping down to turn over every stone in the hope of finding a new beetle for his immense collection.

have been people. If David followed tradition and moved his bride into one of the houses on the big estate in Pocantico Hills, along the Hudson river. The house, valued at \$21,000, will be a wedding gift from his father. There he will become one of a group of family men who have homes from the Hudson to the ocean. His three married brothers all complain they haven't got time to play with their children.

**Size of Families**  
The biggest family belongs to Mr. and Mrs. Nelson Rockefeller—she is the former Mrs. T. D. Hunter. They have five children, including the only pair of Rockefellers to be married. Mrs. Nelson Rockefeller, 42, and her husband, 40, are both active in the Rockefeller philanthropic center.

John D. 3d, has three children, one of them being the famous John D. 4th, Mrs. John D. Rockefeller. 3d, the former Blanche H. H. is deeply interested in human rights causes as is her husband. Once adding a reference on family life, she said, "I would like to have a child, but I am not sure I am ready for it." She is a devoted mother and a devoted wife.

Winthrop, the oil man and the only remaining bachelor of the five sons, has been taking the military training course for business men at Fort Belvoir, N. Y. He has been night club and Broadway with welfare work and aid to needy youth.

The women of the Rockefeller family through the years have been molders of character. Mrs. John D. Rockefeller, 37, was an example. She cared for her five sons and one daughter herself, delegating little to servants, helped give them their early education and watched over them in illness.

# STEEL PRODUCTION UP TO 88 PER CENT

Preparations for Defense Program Speeds Operations.

By The Associated Press  
CLEVELAND July 15—Preparations for a production of defense equipment and anticipated buying to avoid delays in defense are speeding steel production at a level beyond the season.  
In the production of heavy and up to 80 per cent of capacity in contrast to 50 per cent a year ago, the measure, steel and iron, seasonal influence are more than offset by export needs and a new aspect of the defense program.  
Preparedness measures have increased a fairly large amount of building the weekly average of 400,000 tons of steel, and 600,000 tons of iron, from the 1934-35 season.  
The steel industry is now producing at a level of 88 per cent of capacity, and the iron industry is producing at a level of 80 per cent of capacity.

## REPORT YANKEE SALE TO FARLEY IS NEAR

Declare Democratic Chief Will Head Buying Syndicate.

By The Associated Press  
CHICAGO, July 15.—Attorney Jeremiah T. Mahoney of New York said today that he expected the New York Yankee baseball club would be sold by the Jacob Ruppert estate to a syndicate headed by Postmaster General James A. Farley within two weeks at a price of \$4,000,000.

"Negotiations are going along fine," said Mahoney, former president of the Amateur Athletic union and personal attorney to George Ruppert, brother of the late owner of the world champions.

"The contract—carrying the price of \$4,000,000—has been submitted by the Rupperts to Basil O'Connor, who is representing Mr. Farley. I know there has been a lot of speculation on this thing but you can say it's gone from the speculative to the very realistic stage."

Mahoney's announcement came only minutes after the opening session of the Democratic national convention had been declared recessed by Farley, chairman of the Democratic national committee. One of the songs played as the session opened was "Take me out to the ball game."

## GALION MAN STRUCK BY HIT-SKIP DRIVER

Special to The Star  
GALION, July 15.—J. W. Thatcher, 68, of west of Galion, was taken to Good Samaritan hospital early Sunday morning after he had been struck by a hit-skip motorist on the Galion-Buffalo road.

The accident occurred near the intersection of the Blue road when Thatcher was walking along the highway going west on the south side of the road. A car coming from the west toward Galion, struck Thatcher and knocked him into the ditch. This was the only car in sight at the time, and Thatcher, badly shaken from the accident, tried to halt several approaching cars. He told Galion police who talked with him at the hospital that it was nearly an hour before he finally succeeded in stopping a motorist, J. A. Scott, accompanied by E. G. Ricker who brought Thatcher to the Good Samaritan hospital. He suffered a broken right ankle, and severe bruises on the head.

Police have been unable to locate the hit-skip driver of the car that hit Thatcher.
